

## 泥星之旅

在小泥子的帶引下,泥星大使 和僕人阿Mud參觀過人類的身體和 地球的生活環境,而這趟親善和學 習之旅終於要結束。兩位貴賓為了 報答地球朋友的熱情招待,除了安 排他們參觀泥星飛船,更邀約眾人 親身到泥星遊覽!

夢想成真啊!

可以嗎?

等等,從地 球去泥星 有多遠?

7, 643, 756, 485, 843, 719, 532公哩

如果以地球的長度單位 計算,大概是……

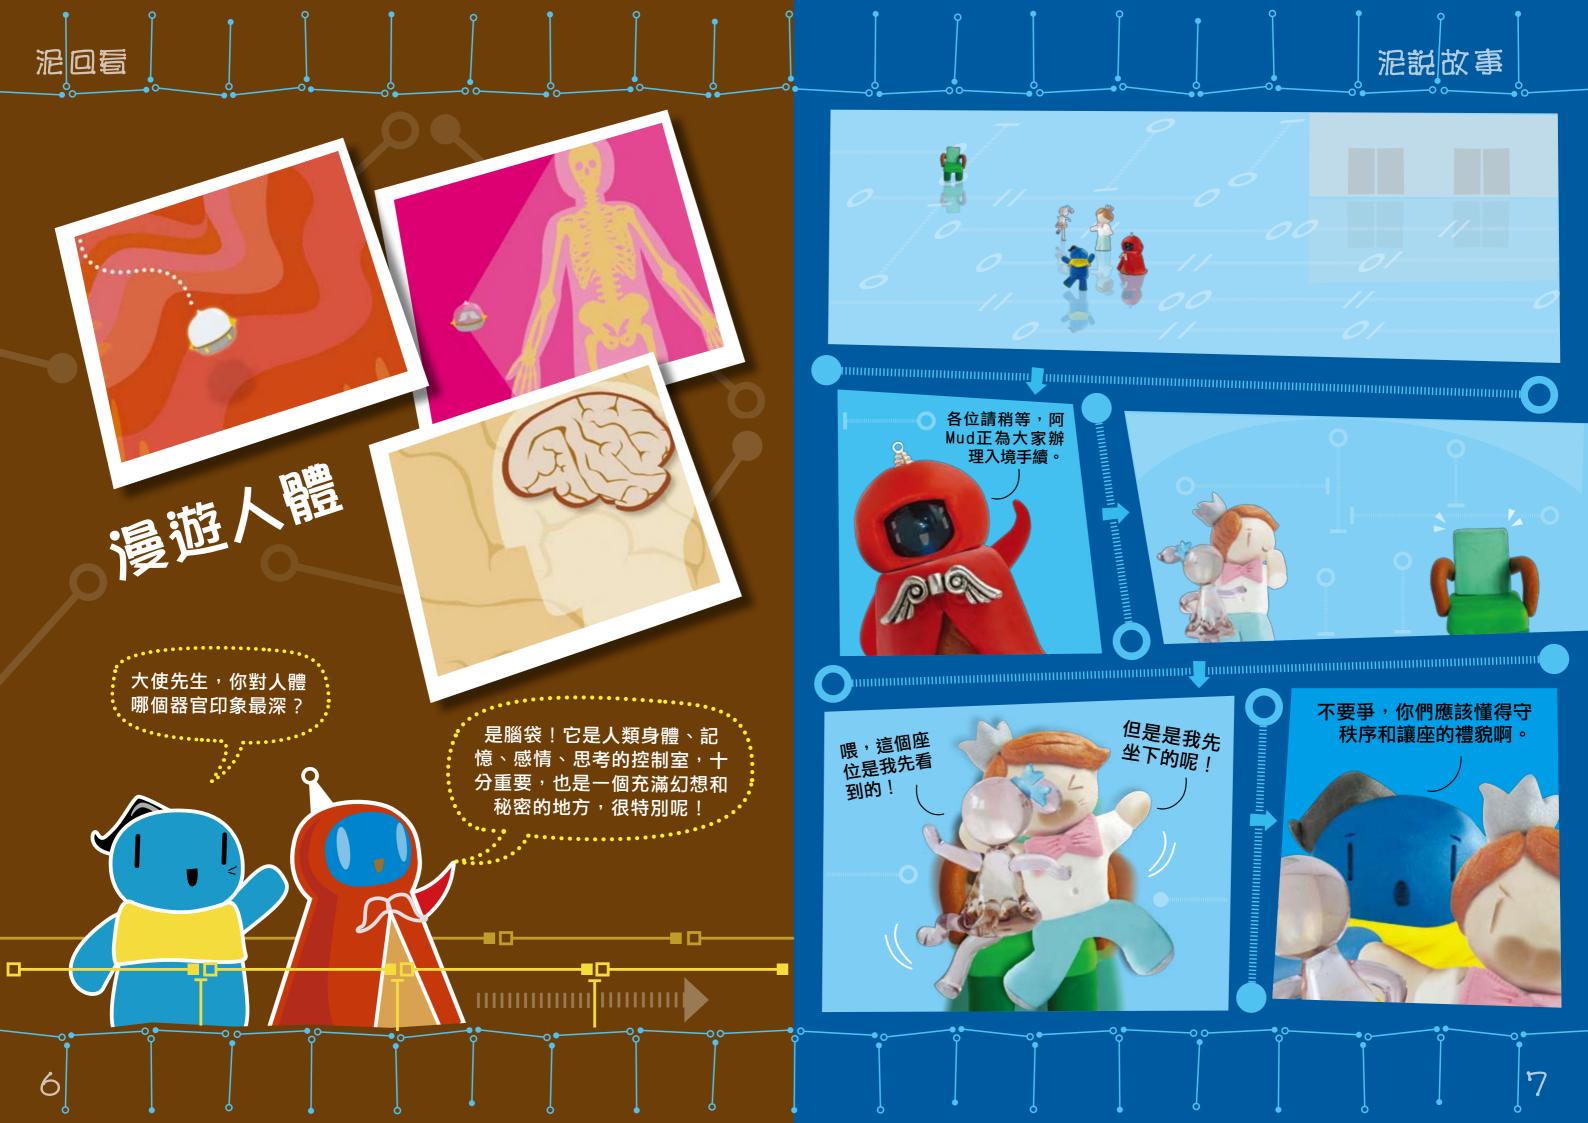

這是名副其實的 天文數字呢!

> 以這艘飛船的速度 航行,我們將於人 類時間單位 …… 九十四年後到達。

我當然知道,如 果看到有需要的 人,例如老人 家、孕婦、小孩 子等,我一定會 讓座的。

我記得這裏明明 沒有椅子的……

外星人你好,我以為你是 一張椅子,才會坐下來, 真的對不起!

又難怪你們認錯,我的外形 的確很像一張椅子。不過你 們説的禮讓好 品德,我很欣 賞呢!

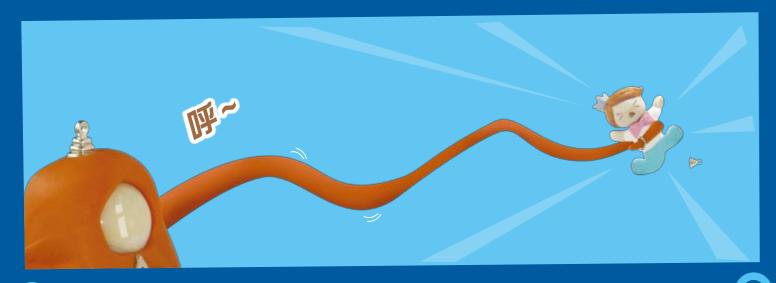

手續辦好了!

泥星的地心吸力很小,這頂 帽子可以發出引力,把所有 生物固定在地面上行走。

## 戴帽

## 守規則

泥星大使的地球親善之旅結束,為了報答小泥子、小璃子和王子的熱情招待,他邀請眾人到泥星遊覽。

泥星距離地球十分遠,要乘坐一部「星空電梯」才可到達。小璃子和王子 在電梯大堂發現一張椅子,正爭要坐的時候,椅子忽然發出聲音,原來它其實 是一個座椅星人,眾人連忙道歉。

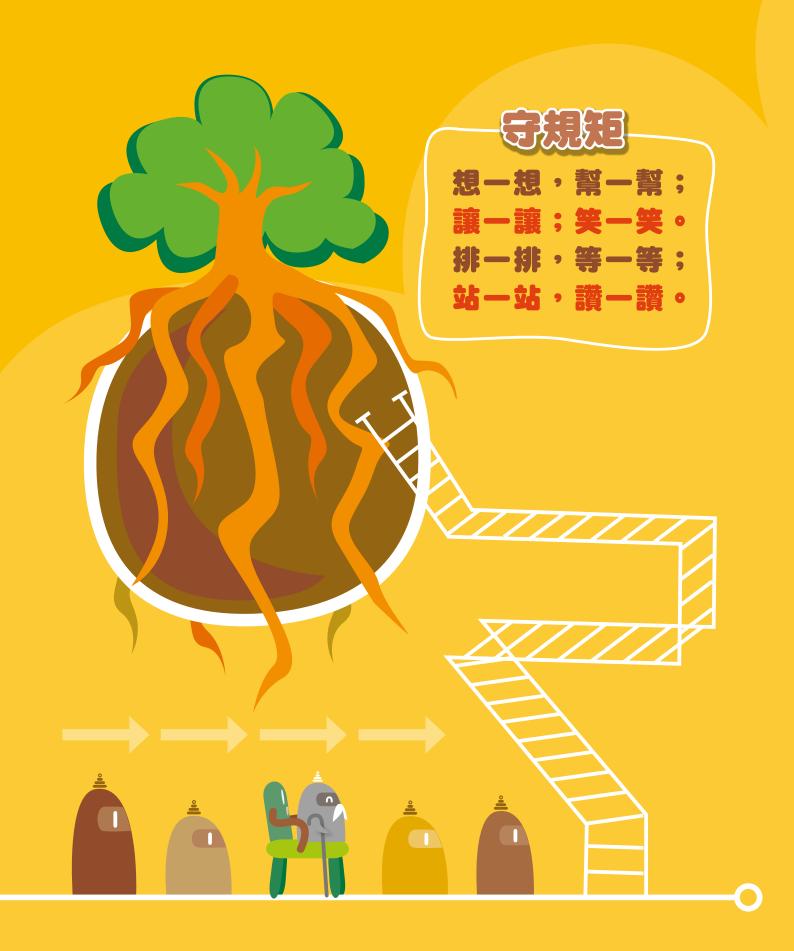

一行人終於到達泥星,王子嫌頭上同時戴著皇冠和「通行帽」不漂亮,偷偷脫下,結果被引力抛上半空,幸好阿Mud及時把他抓住。王子明白自己的過失,向大使道歉,並承諾遵守規則。最後,大家一起暢遊美麗又融和的泥星。

## **Observing the rules**

The Clay Planet Ambassador's tour to the Earth has come to an end. He invites Little Plaster, Glassy and Prince Wong to visit the Clay Planet as a token of appreciation for their warm hospitality.

The Clay Planet is very far away from the Earth. To go there, they have to take the "Star Elevator". At that moment, Glassy and Prince Wong discover a chair in the lift lobby. Just when they both rush to take the seat, they hear a voice from the chair all of a sudden. It is in fact a man from the Chair Planet. They apologize to him immediately.

Finally they arrive at the Clay Planet. Prince Wong feels that it is awful to wear both his crown and the "Hat Pass". He then secretly takes the "Hat Pass" off. Unexpectedly, he is thrown into the air due to the gravity. He is so fortunate that Mud catches him in a flash. Prince Wong learns that it was his fault. So he apologizes to the Ambassador and promises to observe the rules. The whole group then tours around the beautiful and harmonious Clay Planet happily.
